OCCUPATIONAL SAFETY AND HEALTH POLICY

Gulf Precast, as a Leader in the Precast Industry, proactively implements Occupational Safety and Health (OSH) practices within all its business operations.

Gulf Precast Management is committed to prevent injury and illness and protect the health and safety of our employees, customers and third parties and to promote sustainability.

Our management system complies with the ADOSH-SF management requirements, and our processes are continually reviewed and improved to enhance our performance in this regard. We identify and manage OSH risks, provide suitable OHS resources and define, monitor and review OSH target and objectives.

Gulf Precast believes that the promotion of Occupational, Safety and Health is a positive investment in the wellbeing of its Employees, its Clients and the Community in which it operates. We ensure that all relevant legal and other obligations are taken into consideration and implemented.

We proactively seek best practices and fine-tune our system to achieve and enhance the products and services, to identify potential occupational health & safety hazards in order to minimize and control them. We believe that training our employees and involving them in this strive for Excellence is a critical success factor of our performance.

Valentijn Brionk
General Manager
